

2D Monster pack

Thank you for buying **2D Monster** pack!

This asset contain:

- **27 different type of monsters**, where 9 are complete unique visual, and 18 a have visual variations from the original.
- **30 animations**, where 6 are original animations (Death, Run, Punch 01, Punch 02, Idle, Victory), and 24 are variations to fit correctly on the different types of rig.

The monsters are ready for you to modify colors, format, and whatever you think it's necessary for your game. Just keep the PSD layers the same, and make sure to review the rigging.

If you are not familiar with 2d rigging, check this link:

Rigging a Sprite with the 2D Animation Package - Unity Learn

In development at Unity is a 2D Animation package that allows you to rig Sprites as one might rig a 3D model for animation. In this tutorial, you will go through the process of importing the 2D Animation
